

## Expressions Carpets Warranty Certificate

1st January 2017 v.1.0

SD-Xtra® COLLECTION

### Consumer Products

St. Regis, Martini Twist, Artistry, Sienna, Duraplush, Huntington, Caprico, Swiss Twist, French Twist, Irish Twist, Ultra Plush

### Scope

Covered by this warranty are all the floor coverings in the Expressions Carpets range intended for residential and/or commercial use according to individual product ratings and specifications, marked specifically in a way committing Expressions Carpets.

### Validity Period

The warranty duration i.e. 6 yrs., 10 yrs. and 15 yrs., varies according to the product, their qualities, the profiles produced and the use recommended by Expressions Carpets.

The only coverings sheet guaranteed are those classified as perfects and used according to the state of art and Expressions Carpets specifications (a note is attached to this document), and this applies to rooms for domestic/commercial use according to individual products specifications and ratings.

### Warranty

The only coverings sheet guaranteed are those classified as perfects and used according to the Expressions Carpets specifications, see note attached to this document, and this applies to rooms for domestic/commercial use according to individual products specifications and ratings.

### The Following Criteria are Covered by the Expressions Carpets Warranty

- Apparent defects, indicated to Expressions Carpets or to the retailer prior to laying, such as: appearance defects, structural defects, pile defects, indelible stains, defects on the backing; and
- Manufacturing defects, indicated to Expressions Carpets or to the retailer during the warranty period, causing after a time an abnormal change such as early wear i.e. beginning of the pattern legibility loss.

### The Following Criteria are Excluded from the Expressions Carpets Warranty

1. Products sold in a quality other than perfects;
2. Defects caused by an installation which is not according to laying instructions specified by the manufacturer or Australian Standards AS 2455.1.2007 (textile floor coverings installation practice);
3. Mishandled or unsuitably stored products or products subjected to a use other than domestic use;
4. Products damaged during transportation outside Expressions Carpets responsibility or in any other way outside Expressions Carpets responsibility;
5. Products which are cut or laid with an apparent defect;
6. Products having been unsuitably maintained, in a way not complying with the maintenance instructions specified by Expressions Carpets;
7. Differences in colour, shade and structure between the products sold and the pictures or samples and, in the case of purchasing contracts, differences in manufacturing, including colour differences between different production batches;
8. Damages caused by stains, burns, cuts, grooves, friction, accidental indentations, loss of colour caused by carpet backs, painted surfaces, yellowing related to an external product i.e.. asphalt, tar, etc.;
9. Damages caused by unprotected legs of tables and chairs;
10. Damages caused by chairs etc. with castor wheel where a suitable protective chair mat hasn't been used;
11. Defects and damages caused by circumstances outside Expressions Carpets control;

12. Pattern Match Variation. Patterned carpets are produced to a specification and within the normal tolerances for broadloom carpet. Purchasers, retailers and installers should be aware that special attention to pattern matching will be required during installation to ensure pattern continuity, particularly where the installation is of multiple widths.

The salvage of certain carpets may need to be trimmer up to 5% of the original width to achieve a successful join, as the product is a textile and can be subject to variations; and

13. Shading On Cut Pile Carpets. Cut pile carpets in certain circumstances can / will exhibit the condition known as "shading, watermarking or pile reversal". This condition is characterized by random light and dark patches appearing some weeks after installation, caused by permanent pile reversal or bending of the carpet pile fibres with consequential different light effects.

It cannot be predicted or prevented and appears to be related to location of use rather than type of carpet construction or materials used. It does not effect the wear or performance and since it is beyond the control of the manufacturer it is not considered as a manufacturing flaw or defect. This should be advised by the retailer and considered prior to purchase.

### Conditions of Application

Any defect shall be indicated to Expressions Carpets or the retailer immediately after it is found. The defect shall be acknowledged after examination of the covering by a Expressions Carpets representative or duly qualified authorised agent.

Expressions Carpets reserve their right to require a sampling showing the defect found in order to analyse it in their laboratories.
